Description

Chesa Susauna is a beautiful 5 bedroom house in the picturesque Susauna valley. It combines the original architecture with modern design elements. The ground floor is the place to dine, relax and entertain: an entrance hall with a fireplace and flat screen, a bar area, a very cozy dining room, a fully equipped kitchen with a grill, a breakfast zone with access to the terrace, and a big living area re-created from an original barn „talvo“ with 8 meters high ceilings and with panoramic views of the valley.

On the two upper levels, 6 guests can be accommodated in 3 bedrooms. The master bedroom is equipped with a walk-in closet, a bathroom with a bathtub, and a rain shower. This level has as well two offices which are perfect for combining holidays with „work from home“. The two other smaller bedrooms with en-suite bathrooms are located on the upper level.

The lower level gives access to the other two guest bedrooms with en-suite shower rooms, a play area with table tennis, a flat-screen, and a sauna as well as a garage for up to 6 cars, a ski room, and laundry.

On a self-catered basis or with a team of a professional kitchen chef and host, Chesa Susauna is the perfect choice for those who are in search of an Engadin luxurious and tranquil alpine getaway, surrounded by pristine nature and in less than half an hour drive from the bustling St. Moritz.
